

6. INTERNATIONAL CONNECT

SUMMER SCHOOL AT TELECOM ECOLE'DE MANAGEMENT

Summer School 2015 was one of the most wonderful experiences that I had in my life. It was an altogether different experience to gel with students of different parts of the world, to learn new languages, to get accustomed to new culture, to enjoy the beautiful seraphic places and to learn the amazing lessons of life. All these experiences were just like a dream come true!

The environment at Telecom Ecole de Management was full of fun blended with a lot knowledge which got bestowed on us in a profound manner. Summer School at Telecom Ecole de Management Took us through a unique and magical world full of knowledge, fun, beauty, sumptuous food and a plethora of experiences.

The International Cell has always been active in all the international tie-ups for SITM. It was all due to the efforts of International Cell that SITM got collaborated with Telecom Ecole de Management, France. The Team did a tremendous job in getting the documents and VISA at the right time for the students. The International Cell at SITM is committed for further international collaborations for SITM, where the students can witness an amalgamation of different cultures and studying styles.
